

# FC2 INSURANCE FACT SHEET

Under the Affordable Care Act, most insured women will qualify to receive FC2® Female Condoms with no out of pocket expense when prescribed by a qualified physician.

The top insurance companies today account for nearly two-thirds of covered lives. Listed below are the most prominent health insurance providers and FC2® coverage status as of March 2015.

Note: plans may vary by state or employer. UPC compliant product is available for distribution into pharmacies.
