 GFCD on Facebook – post suggestions:

Today we are celebrating Global Female Condom Day! Female condoms should be available to all girls and women who want to protect themselves against unplanned pregnancies and STIs, including HIV and Zika. [@FemaleCondomFC2](https://www.facebook.com/FemaleCondomFC2)

Female condoms are an empowerment tool. They are an indispensable product for girls and women to have access to so they can protect themselves and their partners to live safer, healthier, empowered lives. Happy Global Female Condom Day! [@FemaleCondomFC2](https://www.facebook.com/FemaleCondomFC2)

On Global Female Condom Day, we say: Keep female condoms on the agenda! Because women and girls deserve to have a choice. [@FemaleCondomFC2](https://www.facebook.com/FemaleCondomFC2)

Today we are celebrating Global Female Condom Day. Did you know the female condom is still the ONLY dual contraceptive method available to girls and women that is under their full control? It is non-hormonal, has no side-effects, and you don't need to go see a doctor before using them. [@FemaleCondomFC2](https://www.facebook.com/FemaleCondomFC2)

Interesting fact on Global Female Condom Day: Investing in female condoms saves lives and money! See [the Business Case for Female Condoms!](#) [@FemaleCondomFC2](https://www.facebook.com/FemaleCondomFC2) [@zawadi.smartlove](https://www.facebook.com/zawadi.smartlove)
